## INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors  
Country Greens Community Development District  
Lake County, Florida

We have audited the accompanying financial statements of the governmental activities, each major fund and the remaining nonmajor fund of Country Greens Community Development District, Lake County, Florida (the "District") as of and for the fiscal year ended September 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the remaining nonmajor fund of the District as of September 30, 2010, and the respective changes in financial position thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2011, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

  
March 28, 2011

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Country Greens Community Development District, Lake County, Florida ("District") financial performance provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2010. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

### FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year resulting in a net asset balance of \$286,715.
- The change in the District's total net assets in comparison with the prior fiscal year was \$179,889, an increase. The key components of the District's net assets and change in net assets are reflected in the table in the government-wide financial analysis section.
- At September 30, 2010, the District's governmental funds reported combined ending fund balances of \$1,581,148, an increase of \$221,651 in comparison with the prior fiscal year. Of the total fund balance, a portion is reserved for debt service, capital projects and other items and the remainder is unreserved fund balance which is available for spending at the District's discretion.

### OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the District's financial statements. The District's basic financial statements are comprised of three components: **1)** government-wide financial statements, **2)** fund financial statements, and **3)** notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### 1) Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by special assessment revenues. The District does not have any business-type activities. The governmental activities of the District include the general government (management) and maintenance functions.

## OVERVIEW OF FINANCIAL STATEMENTS (Continued)

### 2) Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general, debt service fund, and capital projects funds. The general and debt service funds are considered to be major funds and the capital projects fund is considered to be a non-major fund.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

### 3) Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### FINANCIAL ANALYSIS: GOVERNMENT-WIDE

As noted earlier, net assets may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets exceeded liabilities at the close of the most recent fiscal year.

The District's net assets reflects its investment in capital assets (e.g. land, land improvements, and infrastructure); less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net assets represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets may be used to meet the District's other obligations.

**FINANCIAL ANALYSIS: GOVERNMENT-WIDE (Continued)**

Key components of the District's net assets were as follows:

|   | 2010              | 2009              |
|---|-------------------|-------------------|
| Assets, excluding capital assets                | \$ 1,595,063      | \$ 1,390,694      |
| Capital assets, net of depreciation             | 4,474,873         | 4,588,743         |
| Total assets                                    | <u>6,069,936</u>  | <u>5,979,437</u>  |
| Liabilities, excluding long-term liabilities    | 168,221           | 162,611           |
| Long-term liabilities                           | 5,615,000         | 5,710,000         |
| Total liabilities                               | <u>5,783,221</u>  | <u>5,872,611</u>  |
| Net Assets                                      |                   |                   |
| Invested in capital assets, net of related debt | (1,137,244)       | (1,118,554)       |
| Restricted for debt service                     | 709,012           | 671,198           |
| Unrestricted                                    | 714,947           | 554,182           |
| Total net assets                                | <u>\$ 286,715</u> | <u>\$ 106,826</u> |

The District's net assets increased during the most recent fiscal year. The majority of the increase represents the extent to which ongoing program revenues exceeded the cost of operations and depreciation expense.

Key elements of the change in net assets are reflected in the following table:

CHANGES IN NET ASSETS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30,

|                                    | 2010              | 2009              |
|------------------------------------|-------------------|-------------------|
| Revenues:                          |                   |                   |
| Program revenues                   |                   |                   |
| Charges for services               | \$ 943,318        | \$ 943,505        |
| Operating grants and contributions | 1,724             | 3,987             |
| General revenues                   | 3,225             | 2,114             |
| Total revenues                     | <u>948,267</u>    | <u>949,606</u>    |
| Expenses:                          |                   |                   |
| General government                 | 118,091           | 133,231           |
| Maintenance and operations         | 274,622           | 343,499           |
| Interest                           | 375,665           | 381,766           |
| Total expenses                     | <u>768,378</u>    | <u>858,496</u>    |
| Change in net assets               | <u>179,889</u>    | <u>91,110</u>     |
| Net assets, beginning              | 106,826           | 15,716            |
| Net assets, ending                 | <u>\$ 286,715</u> | <u>\$ 106,826</u> |

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2010 was \$768,378. The costs of the District's activities were primarily funded by program revenues. Program revenues were comprised primarily of charges for services which reflect assessments, including those on Developer owned land, for both years reflected in the table above. In total, expenses, including depreciation, decreased from the prior fiscal year, the majority of the decrease was the result of a reduction in professional services including the landscape maintenance and repairs.

## GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. The actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2010.

The variance between budgeted and actual general fund revenues for the 2010 fiscal year is primarily due to the collection of assessment revenues that were deferred in the prior fiscal year. The actual general fund expenditures for the 2010 fiscal year were lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At September 30, 2010, the District had \$5,158,093 invested in land and land improvements and infrastructure. In the government-wide financial statements depreciation of \$683,220 has been taken, which resulted in a net book value of \$4,474,873. More detailed information about the District's capital assets is presented in the notes of the financial statements.

### Capital Debt

At September 30, 2010, the District had \$5,615,000 in Bonds outstanding for its governmental activities. More detailed information about the District's capital debt is presented in the notes of the financial statements.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND OTHER EVENTS

The District does not anticipate any major projects or significant changes to its infrastructure maintenance program for fiscal year 2011. In addition, it is anticipated that the general operations and maintenance expenses of the District will decrease by approximately \$100,000.

## CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, land owners, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. If you have questions about this report or need additional financial information, contact Country Greens Community Development District's Finance Department at 210 N. University Drive, Suite 702, Coral Springs, Florida 33071.

**COUNTRY GREENS COMMUNITY DEVELOPMENT DISTRICT  
LAKE COUNTY, FLORIDA  
RECONCILIATION OF BALANCE SHEET – GOVERNMENTAL FUNDS  
TO STATEMENT OF NET ASSETS  
SEPTEMBER 30, 2010**

Fund balances - governmental funds \$ 1,581,148

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds. The statement of net assets includes those capital assets, net of any accumulated depreciation, in the net assets of the government as a whole.

|                          |                  |           |
|--------------------------|------------------|-----------|
| Cost of capital assets   | 5,158,093        |           |
| Accumulated depreciation | <u>(683,220)</u> | 4,474,873 |

|   |  |     |
|---|--|-----|
| Assets that are not available to pay for current-period expenditures are deferred in the fund financial statements. |  | 691 |
|---|--|-----|

Liabilities not due and payable from current available resources are not reported as liabilities in the governmental fund statements. All liabilities, both current and long-term, are reported in the government-wide financial statements.

|                                       |                    |                          |
|---------------------------------------|--------------------|--------------------------|
| Accrued interest payable              | (154,997)          |                          |
| Bonds payable                         | <u>(5,615,000)</u> | <u>(5,769,997)</u>       |
| Net assets of governmental activities |                    | <u><u>\$ 286,715</u></u> |

**COUNTRY GREENS COMMUNITY DEVELOPMENT DISTRICT  
LAKE COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY**

Country Greens Community Development District (the "District") was created on December 2, 1991 by Ordinance of the City Commission of Lake County, Florida under the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes, and was adopted as Lake County, Florida Ordinance 1991-16, under the name of Country Greens Community Development District. The Act provides, among other things, the power to manage basic services for community development, power to borrow money and issue Bonds, and to levy non-ad valorem assessments for the financing and delivery of capital infrastructure. The District was established for the purpose of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District. The District was created in 1991 but was dormant until 2001.

The District is governed by the Board of Supervisors ("Board") which is composed of five members. The Supervisors are elected on an at large basis by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the final responsibility for:

1. Assessing and levying special assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statement 14, and Statement 39, an amendment of GASB Statement 14. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment. Operating-type special assessments for maintenance and debt service are treated as charges for services. and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

### **Assessments**

Assessments are non-ad valorem assessments on benefited lands within the District. Assessments are levied to pay for the operations and maintenance of the District and to provide funds for payment of the District's debt service payments. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. The District's annual assessments for operations and debt service are billed and collected by the County Tax Collector. The amounts remitted to the District are net of applicable discounts or fees and include interest on monies held from the day of collection to the day of distribution.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

### **General Fund**

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

### **Debt Service Fund**

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

The District also reports the following nonmajor governmental fund:

### **Capital Projects Fund**

The fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure within the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Assets, Liabilities and Net Assets or Equity**

**Restricted Assets**

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

**Deposits and Investments**

The District's cash and cash equivalents are considered to be cash on hand and demand deposits.

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraphs c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured and any unspent Bond proceeds are required to be held in investments as specified in the Bond Indenture.

The District records all interest revenue related to investment activities in the respective funds and reports investments at fair value.

**Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

**Capital Assets**

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u>  | <u>Years</u> |
|----------------|--------------|
| Infrastructure | 30           |

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Assets, Liabilities and Net Assets or Equity (Continued)**

#### **Deferred Revenue**

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

#### **Long-Term Obligations**

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the Bonds ratably over the life of the Bonds. Bonds payable are reported net of premiums or discounts.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **Fund Equity/Net Assets**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net assets in the government-wide financial statements are categorized as invested in capital assets, net of related debt, restricted or unrestricted. Invested in capital assets, net of related debt represents net assets related to infrastructure and property, plant and equipment, net of any related debt. Restricted net assets represent the assets restricted by the District's Bond covenants or other contractual restrictions.

### **Other Disclosures**

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## **NOTE 3 – BUDGETARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget. Annual budgets are adopted on a basis consistent with generally accounting principles for the general fund. All annual appropriations lapse at fiscal year end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain public comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

## NOTE 4 – DEPOSITS AND INVESTMENTS

### Deposits

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

### Investments

The District's investments were held as follows at September 30, 2010:

|  | Fair Value        | Credit Risk  | Maturities                                      |
|--|-------------------|--------------|---|
| Fidelity Institutional Govt Money Market Funds | \$ 12,983         | S&P AAAm     | Weighted average of the fund portfolio: 52 days |
| US Treasury Note                               | 323,220           | AAA          | 4/30/2011                                       |
| US Bank NA Commercial paper                    | 46,530            | A-1+/P-1/F1+ | 3/21/2011                                       |
| US Bank NA Commercial paper                    | 51,516            | A-1+/P-1/F1+ | 3/1/2011  |
| US Bank NA Commercial paper                    | 69,934            | A-1+/P-1/F1+ | 10/22/2010                                      |
| Corporate Bonds and Notes:                     |                   |              |   |
| General Elec Cap                               | 25,179            | S&P AA+      | 12/1/2010                                       |
| American Home Products                         | 45,282            | S&P AA       | 3/15/2011                                       |
| Principal Life Inc                             | 51,608            | S&P A        | 6/17/2011                                       |
| Principal Life Inc                             | 36,422            | S&P A        | 9/30/2011                                       |
| US Treasury Bill                               | 189,987           | N/A          | 10/21/2010                                      |
|  | <u>\$ 852,661</u> |              |   |

*Custodial risk* – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The District has no formal policy for custodial risk. The money market mutual funds are not evidenced by securities that exist in physical or book entry form. The other investments are held by the trustee or agent but not in the District's name.

*Credit risk* – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

*Concentration risk* – The District places no limit on the amount the District may invest in any one issuer.

*Interest rate risk* – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

However, the Bond Indenture limits the type of investments held using unspent proceeds.

## NOTE 5 – CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2010 was as follows:

|  | Beginning<br>Balance | Additions    | Reductions | Ending<br>Balance |
|--|----------------------|--------------|------------|-------------------|
| <u>Governmental activities</u>               |                      |              |            |                   |
| Capital assets, not being depreciated        |                      |              |            |                   |
| Land and land improvements                   | \$ 1,742,000         | \$ -         | \$ -       | \$ 1,742,000      |
| Total capital assets, not being depreciated  | 1,742,000            | -            | -          | 1,742,000         |
| Capital assets, being depreciated            |                      |              |            |                   |
| Infrastructure - stormwater                  | 1,950,289            |              |            | 1,950,289         |
| Infrastructure - other                       | 1,465,804            |              |            | 1,465,804         |
| Total capital assets, being depreciated      | 3,416,093            | -            | -          | 3,416,093         |
| Less accumulated depreciation for:           |                      |              |            |                   |
| Infrastructure - stormwater                  | (325,050)            | (65,010)     |            | (390,060)         |
| Infrastructure - other                       | (244,300)            | (48,860)     |            | (293,160)         |
| Total accumulated depreciation               | (569,350)            | (113,870)    | -          | (683,220)         |
| Total capital assets, being depreciated, net | 2,846,743            | (113,870)    | -          | 2,732,873         |
| Governmental activities capital assets, net  | \$ 4,588,743         | \$ (113,870) | \$ -       | \$ 4,474,873      |

Depreciation expense was charged to maintenance and operations function.

## NOTE 6 – LONG-TERM LIABILITIES

In August 2003, the District issued \$6,100,000 of Special Assessment Revenue Bonds, Series 2003 due on May 1, 2034 with a fixed interest rate of 6.625%. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is paid semiannually on each May 1 and November 1. Principal is paid serially commencing November 1, 2008 through May 1, 2034.

The Series 2003 Bonds are subject to redemption at the option of the District prior to their maturity. The Bonds are also subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occur as outlined in the Bond Indenture. This occurred during the 2010 fiscal year as the District used excess revenues and prepaid \$5,000 of the Series 2003 Bonds. See Note 11 – Subsequent Events for additional call amount subsequent to the fiscal year end.

The Bond Indenture requires that the District maintain adequate funds in a reserve account to meet the debt service reserve requirement as defined in the Indenture. The Bond Indenture also has certain restrictions and requirements relating principally to the use of proceeds and the procedures to be followed by the District on assessments to property owners. The District agreed to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District is in compliance with the requirements of the Bond Indenture at September 30, 2010.

Changes in long-term liability activity for the fiscal year ended September 30, 2010 were as follows:

|                                | Beginning<br>Balance | Additions | Reductions | Ending<br>Balance | Due Within<br>One Year |
|--------------------------------|----------------------|-----------|------------|-------------------|------------------------|
| <u>Governmental activities</u> |                      |           |            |                   |                        |
| Bonds Payable Series 2003      | \$ 5,710,000         | \$ -      | \$ 95,000  | \$ 5,615,000      | \$ 100,000             |

**NOTE 6 – LONG-TERM LIABILITIES (Continued)**

At September 30, 2010, the scheduled debt service requirements on the long-term debt were as follows:

| Year ending<br>September 30: | Governmental Activities |                     |                      |
|------------------------------|-------------------------|---------------------|----------------------|
|                              | Principal               | Interest            | Total                |
| 2011                         | \$ 100,000              | \$ 371,994          | \$ 471,994           |
| 2012                         | 105,000                 | 365,369             | 470,369              |
| 2013                         | 115,000                 | 358,413             | 473,413              |
| 2014                         | 120,000                 | 350,794             | 470,794              |
| 2015                         | 130,000                 | 342,844             | 472,844              |
| 2016 - 2020                  | 785,000                 | 1,573,769           | 2,358,769            |
| 2021 - 2025                  | 1,100,000               | 1,275,313           | 2,375,313            |
| 2026 - 2030                  | 1,530,000               | 857,938             | 2,387,938            |
| 2031 - 2034                  | 1,630,000               | 279,244             | 1,909,244            |
| Total                        | <u>\$ 5,615,000</u>     | <u>\$ 5,775,678</u> | <u>\$ 11,390,678</u> |

**NOTE 7 – DEVELOPER TRANSACTIONS**

The Developer owns a portion of land within the District; therefore, assessment revenues in the general and debt service funds include the assessments levied on those lots owned by the Developer.

In the prior year, the District requested and obtained approval from Lake County for the expansion of the District to include additional land of the Developer. The cost of this process is to be paid by the Developer. At September 30, 2010 the District has recorded a Due from Developer in the amount of \$19,396 for costs incurred in connection with this project. The amount will be added to the assessment levy for FY 2012.

**NOTE 8 – CONCENTRATION**

A significant portion of the District's activity is dependent upon the continued involvement of the Developer, the loss of which could have a material adverse effect on the District's operations.

**NOTE 9 – MANAGEMENT COMPANY**

The District has contracted with a management company to perform management advisory services, which include financial and accounting advisory services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs.

**NOTE 10 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

**NOTE 11 – SUBSEQUENT EVENT**

**Bond Payment**

In November 2010, the District prepaid \$15,000 of the Series 2003 Bonds. The prepayment was an extraordinary mandatory redemption as outlined in the Bond Indenture.

See notes to required supplementary information

**COUNTRY GREENS COMMUNITY DEVELOPMENT DISTRICT  
LAKE COUNTY, FLORIDA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. The actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2010.

The variance between budgeted and actual general fund revenues for the 2010 fiscal year is primarily due to the collection of assessment revenues that were deferred in the prior fiscal year. The actual general fund expenditures for the 2010 fiscal year were lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors  
Country Greens Community Development District  
Lake County, Florida

We have audited the financial statements of the governmental activities, each major fund and the remaining nonmajor fund of Country Greens Community Development District, Lake County, Florida ("District") as of and for the fiscal year ended September 30, 2010, which collectively comprise the District's basic financial statements and have issued our report thereon dated March 28, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the management, Board of Supervisors of Country Greens Community Development District, Lake County, Florida and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read "G. J. [unclear]".

March 28, 2011

**MANAGEMENT LETTER PURSUANT TO THE RULES OF  
THE AUDITOR GENERAL FOR THE STATE OF FLORIDA**

To the Board of Supervisors  
Country Greens Community Development District  
Lake County, Florida

We have audited the accompanying basic financial statements of Country Greens Community Development District, Lake County, Florida ("District") as of and for the fiscal year ended September 30, 2010, and have issued our report thereon dated March 28, 2011.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

In addition, we have issued our Report on Internal Control over Financial Reporting and Compliance and Other Matters dated March 28, 2011. Disclosures in that report should be considered in conjunction with this management letter.

The purpose of this letter is to comment on those matters required by Chapter 10.550 of the Rules of the Auditor General for the State of Florida. Accordingly, in connection with our audit of the financial statements of the District, as described in the first paragraph, we report the following:

- I. **Current year findings and recommendations.**
- II. **Status of prior year findings and recommendations.**
- III. **Compliance with the Provisions of the Auditor General of the State of Florida.**

This report is intended for the information of the management, Board of Supervisors of Country Greens Community Development District, Lake County, Florida and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank Country Greens Community Development District, Lake County, Florida and the personnel associated with it, for the opportunity to be of service to them in this endeavor as well as future engagements and the courtesies extended to us.

March 28, 2011

## REPORT TO MANAGEMENT

### I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS

None

### II. PRIOR YEAR FINDINGS AND RECOMMENDATIONS

None

### III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Unless otherwise required to be reported in the auditor's report on compliance and internal controls, the management letter shall include, but not be limited to the following:

1. A statement as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

There were no significant findings and recommendations made in the preceding annual financial audit report for the fiscal year ended September 30, 2009.

2. A statement as to whether or not the local governmental entity complied with Section 218.415, Florida Statutes, regarding the investment of public funds.

The District complied with Section 218.415, Florida Statutes, regarding the investment of public funds.

3. Any recommendations to improve the local governmental entity's financial management.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported for the fiscal year ended September 30, 2010.

4. Violations of provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported, for the fiscal year ended September 30, 2010.

5. For matters that have an inconsequential effect on the financial statements, considering both quantitative and qualitative factors, the following may be reported based on professional judgment:

- a. Violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse.
- b. Deficiencies in internal control that are not significant deficiencies.

There were no such matters discovered by, or that came to the attention of, the auditor, that, in our judgment, are required to be reported, for the fiscal year ended September 30, 2010.

6. The name or official title and legal authority of the District are disclosed in the notes to the financial statements.

### **REPORT TO MANAGEMENT (Continued)**

7. The financial report filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes agrees with the September 30, 2010 financial audit report.
8. The District has not met one or more of the financial emergency conditions described in Section 218.503(1), Florida Statutes.
9. We applied financial condition assessment procedures pursuant to Rule 10.556(7) and no deteriorating financial conditions were noted. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
